June 3, 2019

Dear Community,

It is with great sadness that I inform you that we were notified that one of our teachers, Nick Adolfo, died. We have received information that the cause of death was a medical condition. After the death of a teacher, young people need more support from their parents and other adults. This is an especially difficult and emotional time for those who knew the teacher. This loss affects all of us at Legacy VAPA. If you have questions or have concerns, please contact the school at 323-357-7501.

Nick Adolfo Funeral Services
